Lake Butte des Morts Drive in Winnebago County reopening tomorrow

Road realigned as part of US 41 Project

(Green Bay) The Wisconsin Department of Transportation (WisDOT) Northeast Region Office in Green Bay is announcing the new Lake Butte des Morts Drive in Oshkosh will reopen at noon on Tuesday, October 26. The \$1.6 million project, which includes a new bridge over US 41, has impacted motorists in the area since mid-July. The work was part of the \$15 million project to widen US 41 across Lake Butte des Morts.

"I want to thank everyone for their patience and cooperation during construction," said WisDOT Region Director Mike Berg. "Lake Butte des Morts Drive is a key connector which will serve local transportation needs for many years to come."

The project involved the extension and realignment of Lake Butte des Mort Drive, including the construction of a new overpass at US 41, connecting Lake Butte des Morts Drive to a multilane roundabout at US 45. The 436-foot-long, two-lane bridge, includes a 12-foot-wide path connecting to the WIOUWASH recreational trail in Winnebago County.

ABOUT THE US 41 PROJECT

WisDOT is initiating expansion and improvement of 31 miles of US 41 in Brown and Winnebago Counties. The project will include road expansion to accommodate increased traffic volume, up to 44 new roundabouts, improved interchanges and expansion of the Lake Butte des Morts Causeway. Current construction information and details about the project found at www.US41wisconsin.gov or by calling the project hotline: (920) 492-4120.
